

Annual Report

2026

CHILDREN'S CANCER CENTER
FY JULY 2025 - JUNE 2026 ANNUAL REPORT

LETTER FROM CEO
PATTY O'LEARY:

Dear Friends & Supporters

Every year, the Children's Cancer Center brings new opportunities to deepen our impact and strengthen the community we have built around children and families facing pediatric cancer and chronic blood disorders. The 2025-2026 fiscal year was marked by meaningful growth, expanded access, and exciting progress toward our vision for the future.

This year, we took important steps to bring our mission closer to more families. The opening of our second satellite location in Lakeland allows children and their families in Polk County and surrounding communities to access programs and support closer to home. We also expanded our Holiday Card campaign into 25 new Publix locations spanning from Miami to Palm Beach, helping introduce more communities to our mission while generating additional revenue to support our programs.

One of the most meaningful milestones this year was the transformation of our building - an investment not just in our space, but in the children and families we serve. From our refreshed lobby and updated library to the newly renovated Family Connection Room, each enhancement was thoughtfully designed to better support our licensed specialists, programs, and family services while creating spaces for healing, connection, and community. These

improvements strengthen our ability to provide the care, resources, and guidance families need throughout treatment, recovery, and every step of their pediatric cancer journey, while giving families a place to build lasting friendships, access valuable resources, and find strength and encouragement in one another.

As I look ahead, I remain focused on expanding our reach, enhancing our programs, and creating even more ways to support families throughout their pediatric cancer journey. I am grateful for the donors, volunteers, staff, board members, and community partners who continue to make this mission possible.

Together, we are building a future where every family knows they have a place to turn, a community beside them, and the support they need to heal.

With gratitude,

Patty O'Leary

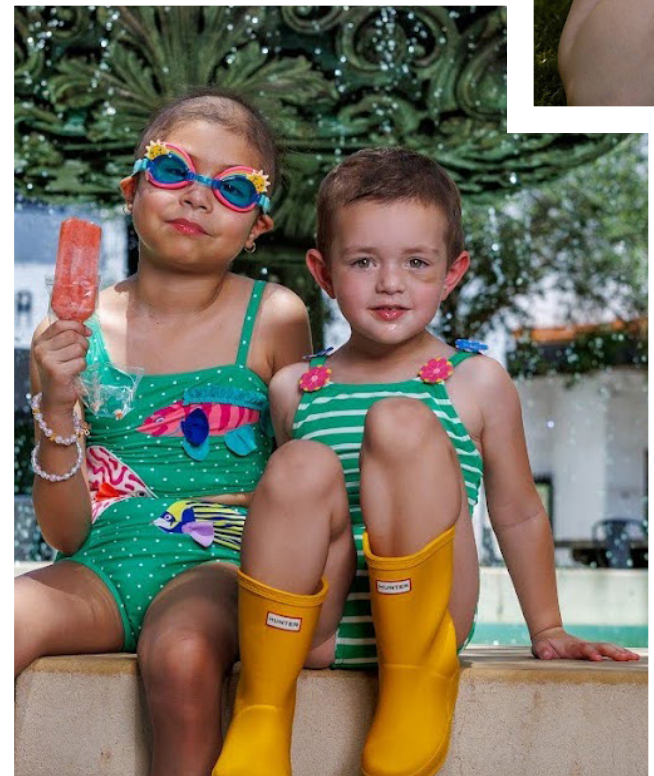

CEO & Executive Director
Children's Cancer Center

The Cornerstone for Children & Families Facing the *Unimaginable*

For over 50 years, the Children's Cancer Center has been dedicated to serving children and their families battling childhood cancer and chronic blood disorders. With 30 impactful support programs and services, currently reaching more than 8,000 children and family members, we provide the essential emotional, educational and financial support and resources families need to face their life-threatening illness with courage and resilience.

From diagnosis through treatment, in survivorship, and far too often during bereavement, we are not just present; we are essential in their fight. Our team of licensed specialists, experienced facilitators, and strong community partnerships gives families proven support they can rely on to navigate this difficult journey and keep moving forward.

OUR PROMISE:
*Compassion,
Credibility,
Connection*

The Children's Cancer Center is guided by compassion, providing programs and support for the entire family affected by a child's cancer or blood disorder diagnosis. We take pride in our credibility, maintaining full financial transparency and ensuring that accountability is at the core of all our initiatives. We foster connection by building a strong network of friends, families, donors, sponsors, partners, and board members from Tampa to Sarasota, and St. Petersburg to Lakeland to ensure every family has the resources and support they need.

At the Children's Cancer Center, we believe every child and family facing pediatric cancer or chronic blood disorders deserves more than support. They deserve a community with specialized programs, licensed professionals, and compassionate care throughout every stage of their journey.

As we continue advancing toward our 2030 Strategic Plan, we are building a future centered around three transformative priorities: **RISE, REACH, and RETREAT**. Together, these initiatives represent our commitment to growing thoughtfully, reaching more families, and creating new ways to support children and their families today and for generations to come.

RISE strengthens the foundation of the Children's Cancer Center by expanding the programs and services families rely on most. Through enhanced programming, in-home support, bilingual resources, and thoughtful improvements to our Tampa facility, we are creating a more accessible and personalized experience where families can connect, heal, and thrive.

REACH expands our mission beyond our local and surrounding communities, bringing the Children's Cancer Center closer to more families across Florida. Through partnerships with pediatric oncology providers, expanded community access, and new service opportunities, we are working to ensure that geography is never a barrier to receiving the support families deserve.

RETREAT represents our vision for the future: a destination dedicated to healing, connection, and whole-family wellness. This innovative space will provide families with opportunities to restore, recharge, and find moments of peace while establishing a new model for pediatric cancer family support.

Every step forward is rooted in one promise: no child or family should face pediatric cancer alone. As we continue to grow, our vision remains focused on creating a healing environment where children and families receive compassionate, holistic care that supports their physical, emotional, and mental well-being.

Mission Moment: Meet *Scarlett*

At just 6 years old, Scarlett has already faced more than most children her age could imagine. She was diagnosed with B-cell acute lymphoblastic leukemia (ALL) in 2023 and, after completing treatment, celebrated beating cancer. In December 2025, Scarlett and her family received the difficult news that her ALL had relapsed.

Since then, Scarlett has spent time in and out of the hospital undergoing treatment. Before her bone marrow transplant, she spent a month hospitalized as she prepared for the next step in her care. Following her transplant, Scarlett returned home, where she is now in strict isolation for 100 days to protect her health and support her recovery.

Through every challenge, Scarlett's sweet and loving spirit continues to shine. She enjoys spending time with her little sister, Juliette, and making memories with her family. The Children's Cancer Center has been a constant source of support and connection, providing Scarlett and her family with opportunities to engage with others who understand their experiences through programs like Oncology Family Connection Group Night, Restoring Inner Strength and Energy, and Kite Camp.

For families like Scarlett's, the Children's Cancer Center provides more than programs; it provides a community of support, specialized resources, and trusted guidance to help children and families navigate the challenges of pediatric cancer together.

Pediatric Cancer & Chronic Blood Disorders *Statistics*

#1

cause of death by disease among children is pediatric cancer.

CCC currently serves over 8,000 children and their family members.

42%

of families reported that at least one parent quit a job because of their child's cancer.

CCC commits to over \$100,000 annually in financial assistance.

57%

more likely to experience depression are childhood cancer survivors.

CCC offers over 250 mental health counseling sessions to families.

1 in 10

siblings experiences isolation.

CCC hosts 55 sibling-centered programs dedicated to supporting them.

Behind every statistic is a child and a family that needs our support. By raising awareness and improving access to care, we can help those facing pediatric cancer and chronic blood disorders experience brighter, healthier futures.

Guided with Purpose

We are proud to be guided by a powerful and inspiring team of community leaders who bring a combined 128 years of expertise, along with diverse experience, perspectives, and passion, to the Children's Cancer Center. Their leadership, guidance, and dedication help ensure that every program and initiative reflects our mission, maintains accountability, and makes a meaningful impact in the lives of the families we serve.

"As I reflect on my first year as Board Chair of The Children's Cancer Center, I was proud to help guide the organization through a period of growth and renewed momentum. Together, we set a new fundraising record through Ride. Restore. Refresh, generating resources that directly benefited local children and families battling cancer. Just as importantly, I helped build a stronger board by bringing in talented new members whose leadership will support the organization's mission for years to come."

David Silver

Welcoming Rob!

Rob Gill is an Innovation and Sales Leader at Mashfrog Group and a proud board member of the Children's Cancer Center. His involvement with the Center began in 2022, when he joined Wine, Women & Shoes as a "Sole Man," rallying his network to raise more than \$8,000 in support of children and families facing pediatric cancer and chronic blood disorders.

Since then, Rob has continued to put his passion into action. As a board member and member of the Ride. Restore. Refresh. event committee, he helped secure sponsors and donors while personally raising nearly \$2,000 toward the event's record-breaking total. Just five months after being elected to the board, Rob was recognized as the Center's Knockout Board Member, reflecting the energy, dedication, and heart he brings to every event and initiative. For Rob, it all comes down to one simple belief: when you show up for your community, you can make a difference.

Shaping Tomorrow's Leaders

At the Children's Cancer Center, our mission depends on developing the next generation of community leaders. The Rising Leaders Program gives young professionals hands-on experience in nonprofit leadership, philanthropy, and community engagement while supporting children and families affected by pediatric cancer. Rising Leaders bring fresh ideas to help move our mission forward.

BESTIE BRUNCH

An Upscale Morning

The 2nd Annual Bestie Brunch, hosted by our Rising Leaders with Event Chair Max McGeachy, brought Tampa's next generation of philanthropists together at Predalina for a sold-out morning of friendship and community. Guests enjoyed a three-course brunch paired with champagne and cocktails, along with live entertainment from a saxophonist and DJ, all while raising critical funds to support children and families served by the Children's Cancer Center.

Guests enjoyed shopping from local vendors before gathering for brunch and a heartfelt conversation with Eevee and Amber, two teens who met through the Children's Cancer Center and quickly became best friends. Their story was a reminder that the connections formed here extend far beyond a diagnosis, creating lifelong friendships and a lasting community of support.

2025-2026 Highlights

Growing Our Reach in Lakeland

Since opening our Lakeland satellite location in February, six months ahead of schedule, thanks to the generosity of the Spurlino Foundation, we've continued to expand our support for children and families throughout Polk County. We were also proud to welcome Joey Long as a licensed facilitator to lead the program, bringing a deep connection to our mission after 16 years as a Children's Cancer Center volunteer. In our first year, we reached 145 individuals across 44 families, including 77 children, bringing our programs, resources, and support closer to the families who need them.

Adventures Beyond Treatment

Every child deserves a summer filled with fun, friendship, and a little adventure. Through our summer camps we host and the incredible partners we work alongside, children and teens affected by cancer have opportunities to build confidence, try new things, create lasting memories, and connect with others who understand what they're going through. Most importantly, camp gives them a chance to step away from the routines of treatment and simply be kids.

This summer, 50 children set sail for a week of adventure during KITE Camp's "A Pirate's Life" themed experience. Campers explored Tampa Bay through exciting field trips and hands-on activities, with community partners adding fun, interactive experiences throughout the week. Thanks to the generous support of the Suncoast Credit Union Foundation, the Broadrick Family Foundation, and other community partners, children had the opportunity to discover new places, make new friends, and simply enjoy being kids, all while creating unforgettable summer memories together.

For teens, we partner with Camp Good Days to send six teens each summer to a 7-night camp experience designed specifically for young people affected by cancer. Away from the routines and challenges of treatment, teens have the opportunity to spend time with peers who understand their experiences, build independence, try new activities, and create friendships and memories that can last well beyond the summer.

We're proud to help create spaces where kids can play, explore, make friends, and make memories that last long after summer ends.

Investing in our Home

The Children's Cancer Center has always been more than a building. It is a place where children and families receive specialized support, access trusted resources, and find a community that stands beside them through every stage of treatment and beyond. Because the majority of our programs take place at our facility, creating spaces that foster connection and healing is essential to our mission.

This year, we completed several important renovations throughout the building, including updates to our library, which serves as a valuable resource hub for families. We also transformed our front lobby into a warm, welcoming space where families, volunteers, and donors immediately feel at ease.

At the heart of the renovation is the newly renovated Family Connection Room, one of the most meaningful spaces in the Children's Cancer Center. It is here that families come together to share in a meal, connect with one another, and build relationships that reinforce that they are never alone in facing pediatric cancer.

We are deeply grateful to our renovation partners whose generosity, expertise, and commitment helped bring this vision to life and create a space where families can continue to find healing, connection, and support.

A special thank you to Ponton Interiors for their trusted guidance in transforming the space, as well as 13 Ugly Men for their generous \$30,000 contribution, Ninja for their \$20,000 contribution, and Crystal Marlow for their \$15,000 contribution to help fund the project. We are also incredibly thankful for the many additional supporters who made this transformation possible and are recognized on our Distinguished Donors page.

Our Dedicated *Team*

A Decade of Dedication

A decade of showing up, making a difference, and helping move our mission forward is something worth celebrating. This year, we're proud to recognize Brittany Rudolph, Chief Operating Officer, on 10 years, and Kelly Carpenter, Assistant Director of Programs & Family Services, on 11 years with the Children's Cancer Center.

Over the past decade, Brittany and Kelly have each played an important role in the growth of the Center and the support we provide to children and families. This year, Brittany completed the Children's Cancer Center's 2030 Strategic Plan, helping shape the organization's vision and priorities for the years ahead. Kelly was instrumental in opening the Center's Lakeland satellite location, expanding access to programs and support for children and families across Polk County.

We're incredibly grateful for the time, talent, and heart they've shared with the Children's Cancer Center over the past decade, and we're excited to celebrate this milestone with them.

GROWING OUR TEAM, *Expanding Our Impact*

As the Children's Cancer Center continues to grow, so does our ability to support more children and families. This year, we welcomed Jack Dodge, Program & Family Services Coordinator; Joey Long, Regional Programs Coordinator, Lakeland; Abigail Elliott, Events & Communications Coordinator; and Ella Sanni, Marketing Manager, to our team.

These positions reflect the ways our Center is growing to meet the needs of the families we serve. Abigail will help expand our storytelling, events, and community engagement; Joey will strengthen our presence in Lakeland and bring more programs and resources to families in Polk County; Ella will lead our marketing efforts, helping strengthen the CCC brand, grow awareness of our mission, and connect more families and supporters to our work; and Jack will help scale our programs, allowing us to expand our reach and serve even more children and families. We're excited to have them on board and look forward to all they'll bring to our team and our mission.

A Week at a *Glance*

at the Children's Cancer Center

There's no typical week for the Program and Family Services Team. Some days start with a hospital visit, some end with a support group, and somewhere in between, there's usually a love bundle, a counseling request, a family in need, or a very good reason for Cyrus Blue to bring joy to someone's day.

SUNDAY

2 PM | DADS DAY OUT

Jack kicks off the week by hosting Dads Day Out at Tampa Bay Sporting Clays, giving fathers a chance to step away from the diagnosis, connect with other dads, and enjoy some time together.

MONDAY

10 AM | DELIVERING LOVE & SUPPORT

Sharin starts the morning by creating Love Bundles filled with comfort items and games for newly diagnosed children. Then, she and Kelly head to the hospital to meet new families, introduce them to the Center, and connect them with programs and resources.

2 PM | LET'S GO BOLTS

A donation of Lightning tickets just came in, so it's time to get them into the hands of families. Our Ticket Bank gives families the chance to step away from appointments and treatment for a night and enjoy being together.

TUESDAY

6 PM | FINDING YOUR VILLAGE

Kelly hosts MOMS Group, (Moms Offering Meaningful Support). This group helps moms connect, share, laugh, and spend time with others who understand their experiences. During meetings, moms take part in therapeutic activities like art therapy and other crafts that promote healing. They share their stories and support each other. These moments allow moms to connect, recharge, and feel less alone.

WEDNESDAY

10 AM | MAKING SPACE FOR SUPPORT

Sharin responds to counseling requests, connecting children and families with professional therapists. Services can include child, family, marital, and grief counseling.

6 PM | RISE

Jack hosts RISE (Restoring Inner Strength and Energy), where families focus on attainable nutrition, movement, and wellness goals. And on tonight's agenda: Goat Yoga. It's all part of creating opportunities for families to move, laugh, and focus on their well-being together. Healthy meals are also delivered to recently diagnosed children and their families, helping make wellness more accessible during a challenging time.

THURSDAY

6 PM | A SEAT AT THE TABLE

Sharin hosts the Oncology Family Connection Group, providing families with a welcoming place to share a meal, connect with one another, and find community outside the hospital. Whether celebrating back-to-school season, enjoying a fall festival, or gathering for a regular group night, each event creates opportunities for families to make memories together. Depending on the evening, art and music therapists join in to add another outlet for creativity and connection.

FRIDAY

9 AM | WHEN FAMILIES NEED A HAND

Sharin reviews White Hat Fund requests, helping families with essential non-medical expenses like mortgages, rent, car payments, insurance, and utilities. The fund also helps families facing the unimaginable loss of a child by assisting with funeral expenses.

6 PM | TEEN GROUP

Kelly hosts Teen Group at PopStroke, giving teens a chance to connect with peers who understand what they've experienced, participate in activities and outings, and have a space where they can simply be teenagers.

SATURDAY

LEARNING OUTSIDE THE LINES

Kelly wraps up the week with SAIL (Students Achieving through Interactive Learning), a program designed to help children overcome educational challenges that can accompany their diagnosis. Through tutoring, hands-on activities, art, music, and creative learning, SAIL helps kids build skills, confidence, and a strong foundation for success.

And that's just one week.

Behind every program, activity, hospital visit, and group is a team making sure families have what they need from the first days after diagnosis to the moments that bring a little normalcy back into life. There may be 30 programs at the Children's Cancer Center, but they all have something in common: showing up for kids and families when they need us most.

Care Beyond our *Doors*

Our Partnering Hospitals

As part of our continued efforts to expand our reach, our team met with leaders at Joe DiMaggio Children's Hospital and Golisano Children's Hospital. These conversations were an opportunity to learn more about the needs of the families they serve, explore opportunities to collaborate, and share the Children's Cancer Center's model of care and support. Building these relationships is an important step toward our 2030 strategic vision of bringing our programs and services to more children and families across Florida, while continuing our outreach efforts and strengthening relationships with our local hospitals.

Our Community Makes a *Difference*

The Children's Cancer Center had another impactful year of fundraising events, where our incredible community came together to support the children and families we serve. Through our signature events, we raised \$1,521,360.71 and touched the lives of 8,000 children and their family members, making a significant difference in their journey. Beyond these signature events, we were fortunate to collaborate with BeSpoke & Co. and Mark Kingery on additional gatherings that further strengthened awareness and support for our mission. Every contribution, whether big or small, played a vital role in helping us reach our goals and provide essential support. We are deeply grateful to our donors, sponsors, partners, volunteers, and attendees for their generosity and unwavering commitment. Thank you for standing beside us and making this work possible.

Wine Women & Shoes

Wine Women & Shoes

Wine Women & Shoes

Wine Women & Shoes

Net amount raised:
\$1,201,723.14
Record Breaking Year!

Wine Women & Shoes is a rapidly growing charity event that combines fine wine, fashion, and philanthropy. This year's Italian Summer-themed evening featured premium wines, cocktails, a fashion show with vintage-inspired resort wear, and both live and silent auctions, benefiting the Children's Cancer Center.

The evening hosted 600 guests blending philanthropy, fun, and fashion. Attendees enjoyed over 1,000 glasses of wine, local cuisine, and showcased five fabulous shoes, supported by 70 philanthropic "Sole Men." An impressive \$350,000 was raised through sponsorships, with an additional \$635,166 during Bid From the Heart.

We extend our heartfelt thanks to Amadea Minutolo, who has proudly served as Event Chair for the past five years, for her continued dedication to Wine Women & Shoes. We are also deeply grateful to our Presenting Sponsor, Mercedes-Benz of Tampa, and our Title Sponsors, Bentley and Rolls-Royce Motor Cars, for helping make this unforgettable evening possible.

Compete FORE A Cause

Social Society of Sarasota

Guests gathered for an unforgettable evening at this year's Social Society, inspired by 1970s Palm Beach glamour. The event featured coastal cocktails, lively conversation, and breezy entertainment, all while raising critical funds for Sarasota children and families facing pediatric cancer. It beautifully combined style with purpose, proving that giving back is always in fashion.

Charity Polo Classic

We are proud to be an annual beneficiary of the Charity Polo Classic, an extraordinary event that began as one of our own signature fundraisers and has since grown into its own nonprofit organization. This premier exhibition match unites a vibrant community of guests, vendors, and sponsors, all coming together to make a lasting difference for local children and families facing the challenges of pediatric cancer and chronic blood disorders.

Bespoke

We were proud to partner with Bespoke & Co. for an unforgettable James Bond Skyfall-themed fundraising event, bringing guests together for an evening of sophistication, excitement, and purpose. A special thank you to David Kahn and CCC ambassador King for making the night unforgettable.

Ride. Restore. Refresh.

Net amount raised:
\$133,020.31
Record Breaking Year!

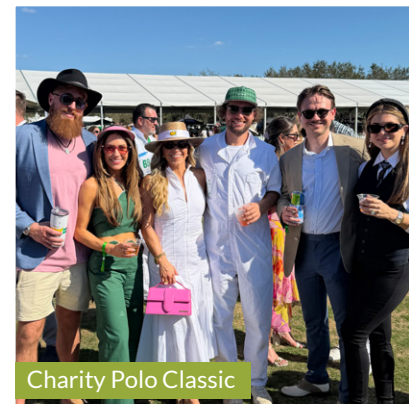

This year's Ride Restore Refresh, presented by Union Three, was one for the record books, bringing our community together for an energizing day in support of the Children's Cancer Center. Guests enjoyed a 30-minute cycle ride, 30 minutes of restorative yoga, and 30 minutes of sips and shopping. A heartfelt thank you to Union Three owners Frank and Dani for their continued generosity, partnership, and dedication to making this incredible event possible.

Compete FORE A Cause

Bringing together over 30 foursomes and more than 100 golfers for an enjoyable day of eighteen holes. Organized by Mark Kingery in loving memory of his wife, Debbie, this memorable event featured putting contests, live auctions, raffles, and more.
